Fruit of the Spirit

For Further Reflection

This week take the time to study each part of the fruit of the Spirit. Using your concordance look up references to love, joy, peace, etc. that specifically demonstrate how God displays those qualities. Take note, for example, of how God's love is similar to normal human love, but even more so of how it is different.

Be ready to discuss your discoveries with your small group.

You may also consider making a fruit of the spirit display for at home, your car, your office, to put up as a reminder (make it a family project if you have children).

For Group Discussion

How have you experienced the fruit of the Holy Spirit in your life this week?

What questions do you have about the sermon?

What was one thing you took away from the message?

Was there an everyday connection to the Sunday message? If so, what?

How did this message affect your view of God? Yourself? Others?

As a small group, is there anything from the message we should be considering and applying together?

How will I manifest Christ this week to those that do not know Him?

What matters should we take to the Lord in prayer?
