### For Further Reflection

Take time to read through the first 3 chapters of Galatians and write a half page summary of the first half of this letter. Be prepared to discuss your thoughts in your small group.

### For Group Discussion

Of all the things learned to this point in the study of Galatians, what has had the greatest impact on how you think and live?

What is the unifying principle of God's family? What is the unifying principle of the Temple Baptist Church family? Your family? What is the primary hindrance to unity in our family?

How has Galatians helped you understand the relationship between law and faith? Is there anything that is still unclear to you about this relationship?

How would you explain salvation through faith in Christ to a Jewish person?

Define "fellowship"? On what basis do you normally have fellowship with others? What might need to change in your fellowship practices so they better line up with scriptural principles?

What is it about being part of God's family that is the greatest blessing to you? What part is the most difficult?

Take time to pray for one another in your small group.
